NOTES FROM COUNTY EXTENSION WORK

Richard Blanchard, County Agent; Gilberta P. Watters, County Club Agent; Ada Brewster, Home Demonstration Agent

COMMITTEE BELIEVES POULTRY CAN INCREASE FARM INCOMES

Afternoon in the South Paris Extension Hall, a representative group of County people met and very interestingly discussed the "Increase Your Poultry" campaign being conducted by the Farm Bureau and Extension Service.

This meeting was held because many people have been hearing the project which encourages poultry under favorable conditions to increase the income of the farm.

This criticism came, however, because of one of two reasons. First, it was not understood the aim of the project was to increase the number of hens.

Such is not the case, but after something to farm families over a long time period, will increase the income of the farm.

Second, it was not understood the aim of the project was to increase the income of the farm.

Such is not the case, but after something to farm families over a long time period, will increase the income of the farm.

Such is not the case, but after something to farm families over a long time period, will increase the income of the farm.
